**DECISION AND ORDER****VICTOR MARRERO, United States District Judge.**

Defendant Lloyd Kidd ("Kidd"), indicted on four counts of commercial sex act exploitation in violation of 18 U.S.C. Section 1591, has moved to suppress evidence from electronic devices seized from his residence during his arrest. Kidd argues, among other things, that the seized devices were not found in "plain view" pursuant to lawful protective sweep.

(See "Motion to Suppress," Dkt. No. 20.)

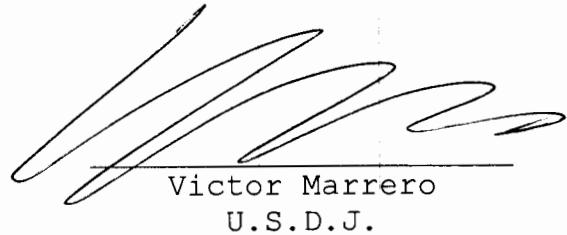

On June 21, 2019, the Court held an evidentiary hearing on the Motion to Suppress. For the reasons set forth on the record, the Court finds that the Government met its evidentiary burden of demonstrating that the seized items were found in plain view in Kidd's residence during a lawful protective sweep incident to Kidd's warranted arrest.

Accordingly, it is hereby **ORDERED** that:

Defendant's motion to suppress evidence (Dkt. No. 20) is  
**DENIED**.

**SO ORDERED.**
